## SECTION 1 - PROJECT INITIATION

- 1.1 Project Definition**
  - 1.1.1 What are the Benefits of Trails?
  - 1.1.2 Trail Classification
  - 1.1.3 Activities for Trails
  - 1.1.4 Trail Types
  - 1.1.5 Defining the Trail Purpose
  - 1.1.6 Setting Objectives
  - 1.1.7 Vision for the Future
- 1.2 Where to Find a Helping Hand**
  - 1.2.1 Professional Consultation
  - 1.2.2 Operators of Existing Trails and Trail “Investors”
- 1.3 Community Support**
  - 1.3.1 Support Strategy
  - 1.3.2 Issues and Concerns
  - 1.3.3 Potential Team Players
  - 1.3.4 Tactics for Soliciting Support
- 1.4 Money Matters and Other Resources**
  - 1.4.1 Project Expenses
  - 1.4.2 Budgeting
  - 1.4.3 How to Seek Sponsorship
  - 1.4.4 Fundraising
  - 1.4.5 In Kind Donations
  - 1.4.6 Donations
  - 1.4.7 Foundations
  - 1.4.8 Funds and Grants
  - 1.4.9 Sustainability
  - 1.4.10 How to Correctly Complete Funding Applications
- 1.5 Land Access**
  - 1.5.1 Identifying the Landowner
  - 1.5.2 Abandoned Railway Corridors
  - 1.5.3 Acquiring Access to Land
  - 1.5.4 Land Access Agreements
  - 1.5.5 Approaching Landowners
  - 1.5.6 Approaching the Crown for Access to Land
- 1.6 Legal Liability**
  - 1.6.1 Negligence
  - 1.6.2 Responsibilities
  - 1.6.3 Landowners Liability
  - 1.6.4 Precautionary Measures
  - 1.6.5 Limiting Liability

## **SECTION 2 - THE PROJECT PLANNING PROCESS**

- 2.1 The Work Plan**
- 2.2 Special Considerations**
- 2.3 Mapping the Route**
  - 2.3.1 Site Inventory
  - 2.3.2 Site Analysis
  - 2.3.3 Layout Patterns
- 2.4 Trail Corridor Planning**
  - 2.4.1 Preliminary Corridor Route
  - 2.4.2 Trail Alignment
  - 2.4.3 Development Plan
- 2.5 Aesthetic Quality**
  - 2.5.1 Spaces
  - 2.5.2 Perspectives

## **SECTION 3 - DEVELOPMENT AND CONSTRUCTION**

- 3.1 Permits**
- 3.2 Clearing and Grubbing**
  - 3.2.1 Clearing
  - 3.2.2 Grubbing
  - 3.2.3 Removal and Disposal
- 3.3 Right of Way**
- 3.4 The Trail Tread**
  - 3.4.1 Terrain Conditions
  - 3.4.2 Tread Construction
  - 3.4.3 Surfaces
- 3.5 Techniques for Drainage**
- 3.6 Techniques for Traversing Slopes**
- 3.7 Techniques for Retaining Unstable Slopes**
- 3.8 Techniques for Crossing Wetlands and Watercourses**
- 3.9 View Stations**
  - 3.9.1 Natural Viewpoints
  - 3.9.2 Constructed Viewing Stations

### **3.10 Recommendations for Trail Types**

- 3.10.1 Hiking
- 3.10.2 Traditional Biking
- 3.10.3 Mountain Biking
- 3.10.4 Equestrian
- 3.10.5 Cross Country Skiing
- 3.10.6 Snowmobile
- 3.10.7 All Terrain Vehicle and Off-road Motorbike Riding

### **3.11 Accessible Trails for Everyone**

### **3.12 Barriers**

### **3.13 Facilities and Amenities**

- 3.13.1 Parking
- 3.13.2 Picnic Areas
- 3.13.3 Benches
- 3.13.4 Drinking Fountains
- 3.13.5 Lavatories
- 3.13.6 Shelters
- 3.13.7 Camping

## **SECTION 4 - SIGNAGE**

### **4.1 Signage Types**

- 4.1.1 Directional Signage
- 4.1.2 Regulatory Signage
- 4.1.3 Informative Signage
- 4.1.4 Interpretive Signage
- 4.1.5 Markers

### **4.2 From Design to Maintenance**

- 4.2.1 Sign System
- 4.2.2 Design and Fabrication
- 4.2.3 Mounting Systems
- 4.2.4 Installation
- 4.2.5 Maintenance

### **4.3 Signage Needs for Individual Activities**

## Section 5 - Maintenance and Management

### 5.1 The Maintenance Process

- 5.1.1 Maintenance System
- 5.1.2 Resources
- 5.1.3 Maintenance Jobs
- 5.1.4 Methods of Maintenance
- 5.1.5 Maintenance Records
- 5.1.6 Control Maintenance

### 5.2 Maintenance Tasks

- 5.2.1 Windfalls
- 5.2.2 Drainage
- 5.2.3 Surface Treatment
- 5.2.4 New Growth
- 5.2.5 Structures
- 5.2.6 Litter Removal
- 5.2.7 Campsite Servicing
- 5.2.8 Grooming

### 5.3 Traffic Management

- 5.3.1 Carrying Capacity
- 5.3.2 User Traffic Flow
- 5.3.3 Intersections

### 5.4 Other Management Issues

- 5.4.1 Regulations for Trail Use
- 5.4.2 Security
- 5.4.3 Litter Control
- 5.4.4 Risk Management

### 5.5 Promotion

- 5.5.1 Promotion Activities
- 5.5.2 Pamphlets and Brochures

## Appendices

- Glossary
- Land Information Maps
- Identifying Soils
- Tools and Equipment
- Symbols
- Contact Directory
- Bibliography
