

**Trails Strategy Coordinating Group Member Recruitment
Municipal Staff Designate Position (Committee Volunteer)
November 2021**

*“Trails enrich our lives and our communities.
They are gateways to recreation, nature, transportation and exercise.
Trails are a powerful source of well-being.”*

Deeply passionate about trails in Nova Scotia? The Trails Strategy Coordinating Group (TSCG) is looking for an experienced municipal staff designate to join the committee team. The TSCG is a group of 14 designates from across the sector that meet monthly and help guide the implementation of the Shared Strategy for Trails in Nova Scotia.

The group is a collaboration of provincial trail users, government departments, municipal staff, First Nations, and members from the community. Together, we learn from each other, discover different approaches, share resources, and build momentum around the Shared Strategy.

Key priorities since Spring 2020 include crafting a trail etiquette campaign, streamlining funding processes, and developing a provincial trails database. We are also examining what regional trails coordination/support could look like, and how we can more deeply involve municipalities and Indigenous communities in the work.

Additional information can be found here: www.nstrails.com/trails-strategy

Qualifications:

The following are considered helpful qualifications for members on the TSCG:

- Knowledge of the trails community in Nova Scotia
- Understanding of the *Shared Strategy for Trails in Nova Scotia* and its strategic directions
- A commitment of time - a few hours per month for up to a 3-year term
- Openness/ willingness to work in a collaborative environment
- Experience with community trail development models and/or values

How to express interest: Please send a brief one-pager on why this is important to you and how your role could help the TSCG. A resume would also be helpful. Feel free to send these to: info@nstrails.com with TSCG Municipal in the subject heading.

The TSCG is a fairly new approach to leading and supporting change in the trails community. Feel free to reach out to Paul Shakotko, our Project Manager, if you have questions paulshakotko39@gmail.com.

Deadline to express interest: **January 15, 2022**
